The following Ordinances and Resolutions were approved by Rittman City Council at a Regular Meeting of Council held Monday, February 22, 2016 at 7:00 p.m. in Council Chambers.

RECORD OF ORDINANCES

Dayton Legal Blank, Inc. Form No. 30043

Ordinance No. 7922 *Passed* February 22, 20 16

ORDINANCE NO. 7922

A ORDINANCE OF THE COUNCIL OF THE CITY OF RITTMAN, WAYNE AND MEDINA COUNTIES AND STATE OF OHIO, AMENDING CHAPTER 971.01 (a) WATER RATES; SERVICE FEES, OF THE CODIFIED ORDINANCES.

NOW, THEREFORE, be it ordained by the Council of the City of Rittman, Counties of Wayne and Medina and State of Ohio, three-fourths of all members elected or appointed thereto concurring:

SECTION ONE

That Chapter 971.01 (a) WATER RATES; SERVICE FEES, be amended to read as follows:

(a) The rate schedule for water furnished by the City waterworks system during a calendar month to take effect and appear with the first full monthly billing after April 1, 2016, shall be as follows:

Gallons Used Rate	Rate
0 to 3,000	$13.00 (minimum)
Next 10,000	$ 3.28 per M gallons
Next 87,000	$ 2.16 per M gallons
Next 233,000	$ 1.81 per M gallons
Over 333,000	$ 1.59 per M gallons

Due to the extreme importance of operating and maintaining a safe, sanitary and reliable system of water supply and treatment in this City, and of City Council's responsibility to ensure adequate system revenues for that purpose which are regularly adjusted to reflect annual changes in system utility, maintenance, materials, capital needs and other operating costs as well as system replacement costs, it is hereby ordered that these rates shall be automatically increased on January 1 of each year from the year 2017 and thereafter in the amount of five percent (5%), the altered rates to take effect and appear with the monthly billing after January 1 of each year. The foregoing shall occur unless Council, in a review of system projected costs, including capital improvements and system replacement costs, and revenues determines that such an increment is either inadequate or excessive compared to the overriding public interest and to the responsibility to operate the system on a sound, responsible, financial basis. In such case, Council may act to alter rates accordingly.

SECTION TWO

That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Ordinance No. 7925 Passed February 22, 20 16

RESOLUTION NO. 7925

A RESOLUTION OF THE COUNCIL OF THE CITY OF RITTMAN, WAYNE AND MEDINA COUNTIES AND STATE OF OHIO, DECLARING IT NECESSARY TO IMPROVE WEST SUNSET DRIVE FROM MAIN STREET TO DECOURCEY ROAD BY PLANING AND MILLING THE EXISTING SURFACE, AND INSTALLING A NEW ASPHALT SURFACE, ALL TOGETHER WITH THE NECESSARY APPURTENANCES THERETO AND DECLARING AN EMERGENCY.

NOW, THERFORE, be it resolved by the Council of the City of Rittman, Counties of Wayne and Medina and State of Ohio, three-fourths of all members elected and appointed thereto concurring:

SECTION ONE.

That it is declared necessary to improve West Sunset Drive from Main Street to Decourcey Road.

SECTION TWO.

That the plans, specifications, profiles and estimate of cost of the improvement prepared by the City's Service Director/City Engineer and on file in the office of the Clerk of Council, are approved. The improvement shall be made in accordance with the plans, specifications and profiles for the improvement.

SECTION THREE.

That this Council finds and determines that (I) the improvement is conducive to the public health, convenience and welfare of this City and the inhabitants thereof and (II) the lots and lands to be assessed as described in Section Four hereof are specially benefited by the improvement.

SECTION FOUR.

That the City shall assume and pay as its portion of the cost of the improvement 50 percent (50%) of the cost of the improvement to the extent of a width of 24 feet and 100

percent (100%) of the remainder of the cost to the extent of a width in excess of 24 feet, and the balance of the cost of the improvement shall be assessed in proportion to the benefits on a lineal foot basis, pursuant to heretofore established computation for said benefit, upon the lots and lands bounding and abutting on the improvement between the termini as described in Section One.

SECTION FIVE.

That the cost of the improvement shall include the cost of preliminary and other surveys, plans, specifications, profiles and estimates and other surveys, plans specifications, profiles and estimates and of printing, serving and publishing notices, resolutions and ordinances, the amount of any damages resulting from the improvement and the interest thereon, the costs incurred in connection with the preparation, levy and collection of the special assessments, the cost of purchasing appropriating and otherwise acquiring any real estate or interest therein required for the improvement, expenses of legal services including obtaining approving legal opinions, costs of labor and material, and interest on bonds and notes which may be issued in anticipation of the levy and collection of the special assessments, together with all other necessary expenditures.

SECTION SIX.

That the City's Service Director/City Engineer is authorized and directed to prepare and file in the office of the Clerk of Council the estimated special assessments of the costs of the improvement described in this Resolution. Those estimated special assessments shall be based upon the estimate of cost of the improvement now on file in the office of the Clerk of Council and shall be prepared pursuant to the provisions of this Resolution. When the estimated special assessments have been so filed, the Clerk of Council shall cause notice of the adoption of this Resolution and the filing of the estimated special assessments to be served in the manner provided by law on the owners of all lots and lands to be assessed.

SECTION SEVEN.

That special assessments to be levied shall be paid in five (5) annual installments, with interest on the unpaid principal amount of each special assessment at the same rate as shall be

borne by the bonds or notes to be issued in anticipation of the collection of the total of the unpaid special assessments; or the prevailing interest rate upon notes if no bonds or notes are issued; provided, that the owner of any property assessed may pay the special assessment in cash with 30 days after passage of the assessing ordinance.

SECTION EIGHT.

That bonds of the City may be issued in anticipation of the collection in annual installments of the special assessments, and notes of the City may be issued in anticipation of the issuance of those bonds and levy of the special assessments. The remainder of the entire cost of the improvement, after application of the special assessments, may be paid by the issuance of bonds in the manner provided by law or from other funds available for that purpose.

SECTION NINE.

That this Council finds and determines that all formal actions of this Council concerning and relating to the adoption of this Resolution were adopted in an open meeting of this Council and that all deliberations of this Council and of any of its committees that resulted in those formal actions were in meetings open to the public in compliance with the law.

SECTION TEN.

That this Resolution is declared to be an emergency measure necessary for the immediate preservation of the public peace, health and safety in said City, and for further reason that this Resolution is required to be immediately effective to provide for the construction of the improvement which is needed to eliminate existing hazards to pedestrian and vehicular traffic, for which reason and other reasons manifest to this Council this Resolution is hereby declared to be an emergency Resolution and shall be in full force and effect immediately upon its adoption.

March 14, 2016

Memorandum to Rittman City Council:

1. **N. Main and Liberty Street Resurfacing Project** – When calculating this project I used the same width for the entire project to estimate costs and assessments. During the initial process of the entire project, property owners were notified, as required, once the Resolution of Necessity was adopted by City Council. I received two appeals from property owners west of Douglas on Liberty St. requesting an equalization meeting. In reviewing the reason for the appeal, which was because the road width dropped to 18 feet in this section rather than the standard 24' width; I agreed they shouldn't be assessed the same dollar amount per linear foot as other properties in this project. I then notified the two property owners that when the project was complete we would re-calculate this portion of the street for an 18' width and it would affect 5 property owners. With that information the property owners dropped their appeal requests to have a Board of Equalization meeting. Since that time, I completely forgot about this aspect of the project until the invoices were prepared and ready to be sent. In talking with our legal counsel, I found that I cannot make this correction without amending the initial Resolution of Necessity legislation. I would request that council consider adopting this amended legislation on an emergency basis so we can finalize this project to make the width calculations for the effected property owners correct and as agreed.

2. **W. Sunset Resurfacing Project** – To date, we have received one appeal for the Sunset improvement project. The letter regarding their frontage on Sunset, which would include two other property owners with Liberty Street addresses that have rear property "frontage" on West Sunset, indicates they would receive zero benefit from this improvement. These parcels are located on the south side of West Sunset near the intersection of Lincoln Dr. and are commonly referred to as "the ravine". The letter of appeal to the Board of Equalization makes some reference to the former property owner(s) when W. Sunset was resurfaced previously, which ended in litigation in Wayne County Common Pleas Court. The city lost the lawsuit and could not assess this/these parcel(s) as the judge ruled that there was "no direct benefit" to the properties from the improvement made to W. Sunset. I believe "no direct benefit" meant because they could not access their property (no ingress or egress possible) from W. Sunset due to the steep ravine. Furthermore, Judge Wiest who made this ruling is still on the bench and the property owner who filed the current appeal to the Board of Equalization, worked for the attorney that filed suit against the city initially. With this information, it is my feeling that if the Board of Equalization does not rule in favor of excluding them from the assessment, the same lawsuit will again be filed in Common Pleas and the same results could occur. For this reason, I asked Kevin to amend the Resolution of Necessity for Sunset excluding these three properties avoiding the chance that City Council could run the risk of incurring another controversial lawsuit which could be assigned to the same judge. I do not know all the details of the previous lawsuit, Kevin was advised that he should be prepared to go into detail on this issue so you can make an informed decision. The appeal letter is included in your packet.

3. **Street Improvement Levy Information** – In your packet is the information you requested to discuss the possibility of a levy for road improvements eliminating the need to assess the property owners for their share of the cost. Our Finance Director put together a spreadsheet on levy information while our Service Director put together a spreadsheet on a potential five year list for street repairs with the estimated costs. A 1.5 mill levy would generate about $130,700 per year which would total to $653,500 over the five year levy period. The Service Director's calculations (which include West Sunset) for the streets listed is $770,958.94 for this 5 year period. Keep in mind that we would anticipate receiving Issue 2 funds to supplement these projects each year, as well as use our permissive tax funds where ever we can legally use them. For example, we will be receiving a grant to assist with W. Sunset in the amount of $131,800. Permissive Tax usually brings in around $79,025 between Perm I and Perm II. The data for an average house valued at $80,000 would cost the homeowner about $42 per year or $210 per levy life (5 years).

4. **MARC's Radio Grant for FD** – Congratulations to the Fire Department for receiving a grant for MARCs radios in the amount of $49,650. The Fire Chief estimates this will purchase about 16 portable radios. This does not include funding to dispatch MARC's radios, but we are hoping that the county will eventually provide that funding for us. We are applying for another grant to assist the Police and EMS for the same system.

Re: **Street Improvement Project - 2016**
West Sunset Drive, Rittman, OH

To Whom it may Concern:

On February 23, 2016, we received a certified letter from the City of Rittman concerning a street improvement project to take place in 2016 for West Sunset Drive in the City of Rittman.

Please consider this letter our "notice of appeal of the assessment" for Lot No. 2940, Permanent Parcel No. 63-01325.001 in the City of Rittman also known as 118 Liberty Street, which contains 120.90 feet on West Sunset Drive.

The actual benefit to us of said paving is zero as the property on West Sunset is a steep ravine which cannot be accessed or built on by us or others. We are, therefore, requesting that no assessment for paving be made to us as property owners.

In the event this matter is resolved to our satisfaction prior to an appeal before a Board of Equalization, we will withdraw this appeal.

Sincerely,

Robert L. Gillman

Mr. and Mrs. Robert Gillman,
Mr. and Mrs. William Robertson,
Mr. and Mrs. William Wagner,

RE: Planned West Sunset Street Re-surfacing and Assessment Procedure.

At the Rittman Council meeting on March 14, 2016 I sent the council members a memo regarding litigation that occurred with Dr. Charles Berg and the City of Rittman with the previous W. Sunset Street improvement project. This litigation contested that the project would not benefit the property owners that lived on Liberty that had a portion of their property abutting W. Sunset. While I was not a part of that litigation, I was advised by our law director regarding this situation and outcome, so I felt that it was my obligation to present the facts to our City Council. The facts were that the Common Pleas Judge ruled against the City and Dr. Berg was not assessed for that 1992/93 project.

With this in mind I had our attorney prepare legislation to amend the W. Sunset assessment project which had an attached photo identifying the three properties in question (your property) regarding this situation. The memo that was sent to City Council questioned should we amend this ordinance as the same argument still exists in that there was really no access to their property from W. Sunset, so they should be exempt or not from assessments with this project?

On March 14, 2016 City Council passed this amendment so I have taken your property off this assessment list for this 2016 street improvement project. If you have any further questions please feel free to contact me.

Sincerely,

Larry Boggs
City Manager
